WORK OF CONGRESS

Democratic Attacks on the Reapportionment.

A Vote to Be Taken Upon It Today.

In the Senate the Opposition to the Elections Bill Keeps the Floor.

WASHINGTON, December 16.—In the Senate today the resolution providing for an investigation of the question whether the right to vote was denied or abridged in any State, with an amendment extending the investigation to an inquiry as to whether, by State legislation, any man was denied employment on the public works by reason of his color, was taken up.

Mr. Morgan contended that the country would be much better off had the government been content with the Fourteenth Amendment.

Pending further debate the Senate proceeded to the consideration of the Elections bill, Mr. Morgan concluding his speech against it.

Discussion was then temporarily suspended and Mr. Pugh gave notice of an amendment requiring that deputy marshals shall be of good moral character and be able to read and write.

Mr. Blair presented a petition, praying Congress to set aside consideration of the Elections bill, so that labor legislation might be acted upon.

Mr. Hoar objected and Mr. Kenna then addressed the Senate in opposition to the Elections bill.

Mr. Dolph took the floor, but soon yielded to a motion to adjourn, which was carried.

The House.

WASHINGTON, December 16.—Mr. Mills, of Texas, offered a concurrent resolution, providing for a holiday recess from December 22 to January 3. Referred to the Ways and Means Committee.

Mr. Dannel called up the Reapportionment bill.

Mr. Flower, of New York, protested against the passage of the bill, and severely criticized the census returns of New York city.

Mr. Mills, of Texas, said he believed that New York had committed a crime which she was entitled to be punished for, not as great as that of her own State, which amounted to 500,000.

Mr. McKee gave notice of an amendment increasing the number of Representatives to 250.

Mr. Outwater said great injustice had been done his State in taking the census. Under the census Illinois had become the third State in the Union. It was not true that Illinois had grown so rapidly, nor had Ohio fallen off to such an extent. The whole census ought to be retaken, so that representation could be apportioned according to population, and not according to the schemes of political advancement.

Mr. Frank, of Missouri, earnestly advocated the bill, which was based upon a bill originally introduced by himself.

Mr. Flower, of New York, offered an amendment, increasing thirty-five the representation from New York.

Mr. Spinoia, of New York, said that when the people of New York found they had been wronged they applied to the Secretary of the Interior, but obtained no relief. The Secretary wrote a blackguard, impudent letter, which was worthy to emanate from any man calling himself a gentleman. The census was taken by Superintendent Porter as a crime against the Republic. It was a crime perpetrated by the Superintendent and he knew it.

Mr. Covert, of New York, argued in support of the amendment providing for a recount of New York and Brooklyn and additional representation from the State, should the recount show an increase of 50,000 over the Federal census.

Mr. Lind, of Minnesota, favored the McKee amendment to the Reapportionment bill. He thought it should be satisfactory and just to the country. It was conceded there was difficulty in regard to the census of New York. In order to appease the feeling of New York, considering its large fraction, it would be but fair and just to give that State an additional Representative. The same was true of Arkansas and Minnesota and this bill, while it might fit the arithmetic, does not fit the justice. The committee did injustice to those States.

Mr. Biggs, of California, complained that San Francisco had not had a fair enumeration, not one enumerator there being a Democrat.

Mr. Peel, of Arkansas, declared that Arkansas had lost 100,000 by a failure to count them.

Mr. Dannel, in closing the debate, spoke earnestly in favor of the bill, and expressed regret at the attempt made by others to prevent its passage. He regretted that the venerable gentleman from New York should make an attack on an officer of the United States Government.

Five o'clock having arrived, Mr. Dannel demanded the previous question.

Mr. Blount made a motion to adjourn, and during the progress of the vote the Democratic members took their hats and left the hall, showing a disposition to break the quorum on the next vote. The motion to adjourn was lost.

At the suggestion of Mr. Blount it was agreed that after two hours' debate tomorrow the previous question be considered as ordered, and the House adjourned.

PENDING MEASURES

Changing the Ute Reservation Boundary.

Opposing the Sale of Futures.

WASHINGTON, December 16.—In the House today the Senate bill was reported, changing the boundary line of the Uncompahgre Ute Indian reservation and referring to the public domain certain portions in Utah, to be disposed of under the homestead law. A bill having a similar purpose was vetoed by the President last year.

Mr. Hopkins, of Illinois, introduced a bill making it unlawful and punishable

by fine and imprisonment for any person to sell at a future time any gold or silver bullion to any trust company or bank, when, at the time of making such agreement, the party is not the owner of the property.

A coinage bill was introduced by Mr. Carter, of Montana. Ordered favorably reported. It provides that gold may be exchanged for gold bars, but gives the director of the mint power to use his discretion to impose for such exchange a charge which shall equal the cost of manufacture.

Mr. Pierce introduced in the House a resolution instructing the Ways and Means Committee to report to the House by January 5 the Sub-Treasury bill.

WESTERN SOUTH AMERICA.

A New Steamship Line Established—

Equator to Have Separate Coinage.

WASHINGTON, December 16.—Information is received at the Bureau of American Republics of the establishment of a new line of steamers on the west coast in opposition to the Pacific Steam Navigation Company and the South American Steamship Company. The capital is mostly furnished by merchants and bankers of Valparaiso and Santiago, Chile, and \$5,000,000 is already subscribed. The Minister of the Interior, of Chile, recommends the payment of a subsidy similar to that now paid to the South American Steamship Company.

The Bureau has also received information that the government of Ecuador, which has had no coinage, has arranged for the production of a supply of silver money to be coined at the national mint of Chile.

THE UNKNOWN INTERIOR

Of Alaska to Be Explored by Direction of the Government.

WASHINGTON, December 16.—A bill providing for the systematic exploration of Alaska is likely to receive consideration soon. It provides that the Secretary of the Interior shall send a party into Alaska and appropriate \$100,000 to defray the expenses of the expedition.

It is proposed that the party shall remain three years in order that their observations shall be trustworthy, and finally set at rest the various and conflicting reports regarding the Alaskan territory.

WORK OF THE TEACHERS

DETAIL OF THE EXERCISES AT

YESTERDAY'S INSTITUTE.

Arithmetic Engrosses the Morning Session.

Temperance and Calisthenics the Afternoon—Today's Program.

The Teachers' Institute was called to order at 9 o'clock by Superintendent Baxter.

After roll-call by the Secretary, Miss Whitlock, Mr. J. M. Emmert introduced his methods of teaching the subject of fractions, which he illustrated by work from the black-board. This subject occupied the whole time allotted to it, and also a part of Mr. Netherton's time, which that gentleman very generously yielded to Mr. Emmert. This subject called out a very animated discussion by several members of the institute, those taking a prominent part being Miss King, Mrs. Rembert, Mrs. Parker, Mrs. Williams and Messrs. Netherton, Cole, Duffy, Parker, Smart and Lusk.

Mr. Netherton, of Mesa, next presented the subject of compound numbers in a very concise and energetic manner.

At 10:20 o'clock a recess of twenty minutes was taken, after which the subject of mental arithmetic was presented by Superintendent R. L. Long, in a manner which commanded the attention of the teachers present. Professor Long illustrated his work by numerous problems upon the black-board.

Miss Carolina W. McNair then presented the subject of calisthenics, which was followed by some further discussion on the morning's work, after which the institute adjourned until 1 o'clock.

Upon reassembling in the afternoon the roll was called by the Secretary, after which Messrs. Cole and Howe were appointed a committee to procure a piano for the use of the institute. Then followed a recitation entitled, "Bertie and the Bear," by Woody Kay.

The next on the program was an essay by Mr. Varnum on the effect of alcoholic drinks and narcotics in connection with physiology and hygiene.

After a song by the little Misses Shurtliff, the institute, at 2:20, took a recess for twenty minutes.

After recess Mr. Ingram introduced the subject of the teachers' duty in relation to the temperance question, after which considerable discussion was had upon this subject and that introduced by Mr. Varnum.

Miss Alice King then entertained the teachers by an exercise in calisthenics, illustrative of the system which she uses, known as the Delarte system.

This was the occasion of a very animated discussion, among the teachers, a prominent part being Miss King, Mr. Evans and Messrs. Smart, Martin, Netherton, Parker and Ingram.

The institute then adjourned to meet this morning at 9 o'clock.

Following is the program for today's work:

9:30 Roll call.

9:30 Primary methods in grammar, Miss Addie Kinney.

9:40 Recitation work in grammar, Miss Carolina W. McNair.

10:30 Recitation of teaching penmanship, Mr. J. C. Cole.

11:20 Drill in penmanship, Prof. Edwin M. Lamson.

AFTERNOON SESSION.

1:30 Music and recitations.

1:30 Roll call.

1:30 Essay—"The Responsibility and Nobility of the Teacher's Vocation," Mrs. M. H. Williams.

1:40 Discussion of morning's work.

2:30 Recitation.

2:30 Essay—"How to Use School Apparatus," (Illustrated by use of globe, maps and charts), Mr. F. S. Smart.

3:15 Calisthenic exercise, Miss Alice King.

3:25 Discussion on topics of essays.

A VISIT TO THE CAMP.

Agent McLaughlin Tells of a Conference He Had With Sitting Bull.

CHICAGO, December 16.—The story of the last visit had by white men to Sitting Bull's camp, prior to the tragic events of yesterday, is told in a report received this afternoon by General Corbin. The narrative throws a flood of light on the wily old chief's character,

then existing in camp. The document is addressed to Commissioner of Indian Affairs Morgan by Indian Agent McLaughlin and is in part, as follows:

Learning that the ghost dance was in progress and that a large number of Indians of the Grand River settlement were participating, McLaughlin determined to take them by surprise. Sunday morning he left for that settlement, accompanied by Louis Prineau, and got upon them unexpectedly. He found the ghost dance at its height. A majority of the boys and girls he met on the Sunday schools of the Grand River settlement.

McLaughlin did not attempt to stop the dance, but remained over night and the next day had a long talk with Bull. He spoke very plainly, pointing out what had been done by the Government for the Sioux people, and how this faction, by their present conduct, were abusing the confidence which had been reposed in them by the Government, in its magnanimity in granting them full amnesty for all past offenses, when, from destitution and imminent starvation, they were compelled to turn to the Government for aid.

Sitting Bull then stated his proposition, which was that the Government should build a road from the mouth of the Grand River to the mouth of the Missouri river, and that the Government should build a road from the mouth of the Missouri river to the mouth of the Yellowstone river, and that the Government should build a road from the mouth of the Yellowstone river to the mouth of the Snake river, and that the Government should build a road from the mouth of the Snake river to the mouth of the Columbia river, and that the Government should build a road from the mouth of the Columbia river to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the Pacific ocean to the mouth of the Atlantic ocean, and that the Government should build a road from the mouth of the Atlantic ocean to the mouth of the Indian ocean, and that the Government should build a road from the mouth of the Indian ocean to the mouth of the Pacific ocean, and that the Government should build a road from the mouth of the
